

SCHOOL TRIPS TO VALENCIA

Intereuropa, Spanish Language School for foreigners accredited by Instituto Cervantes, has been organizing unforgettable linguistic and cultural immersion programmes for 20 years. Our programme combines interactive Spanish classes with a wide range of activities that allow our students discover Valencia and our culture while practicing Spanish.

At Intereuropa we organize the following:

- General and specific Spanish courses
- Accommodation
- Wide range of activities and day trips to discover our culture, Valencia and surrounding towns
- Cultural conferences
- Company visits
- Public transport tickets
- Airport transfers

ABOUT US

Intereuropa school of Spanish is conveniently located in the historic heart of Valencia, in the Plaza del Ayuntamiento (Town Hall Square). This is the city's most important zone, just a few minutes from the main shopping area and old town well known for its tourist attractions, bar and restaurant offer.

Facilities:

- 10 air-conditioned classrooms with natural daylight
- Social area with soft drink and coffee machines
- Library service
- Free wifi
- Multilingual student services desk

VALENCIA HAS IT ALL

Valencia is the 3rd largest city in Spain after Madrid and Barcelona. It's an ideal place to study Spanish without the stress of the big cities and with all its advantages. Life and dynamic, it's a modern city in the Mediterranean coast that has it all: breathtaking modern and historical architecture, the largest urban park in Spain, endless beaches, the largest aquarium in Europe and worldwide famous paella. Over 300 sunny days a year makes it perfect for outdoor activities such as bike tours in the Turia Park, cultural visits or water sports in the beach.

Last but not least, it is worth mentioning that Valencia is not as expensive as other large cities in Spain or Europe.

OUR TEACHERS

All our teachers hold a language degree, are native Spanish speakers and they have years of experience in teaching Spanish to students of all ages, nationalities and levels. The teaching method is based on developing language practice through the four main functions: listening, speaking, reading and writing. We use our own teaching materials, created and reviewed by school teachers themselves. This material is reinforced by current texts.

ACCOMMODATION

All our accommodation is located within 20' walk from the school. The accommodation department rigorously checks all the options to guarantee our high standards and care.

- Host families: The best way to practice speaking Spanish outside the classroom and experience Spanish culture is to live with a host family. You can choose to have half board (breakfast and evening meal) or full board. We allocate all the students in the same area.
- Student residence: It's the ideal option if the group wants to remain under the same roof. All the rooms have their own private bathroom.
- Hotel and hostels: We also organize accommodation in hotels and hostels at a reasonable price. This could be for the entire group or just for the teachers.
